THE GHOST

Of our boyhood resolved itself to an old tree when we had courage to examine it. Manhood has its ghosts, which, to the Manhood has its ghosts, which, to the man who has courage to confront them, prove to be as harmless as the ghosts of boyhood. One of the ghosts which scare

which scare a great many people is the ghost of lung dis-ease. But experi-ence shows this ghost to be very harmless. In harmless. In cases almost infu-merable "weak" merable "weak"

Discovery. And these cures have been wrought in many cases after the doctor had said—"There is no help for you." Don't give in to the superstition of a past age. Give the "Golden Medical Discovery" a fair and faithful trial. It always helps. It almost always cures.

"When I commenced taking your medicine eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room without pains in my chest. The doctor who attended me said I had imp trouble, and that I would never be well again. At last I concluded to try Dr. Plerce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better; then you directed me to take both the 'Golden Medical Discovery' and the 'Pavorite Prescription, which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription, and five viats of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can run with more case than I could formerly malk."
